Single Copies, 2 Cents.

RUSHVILLE HAS OPPORTUNITY TO LOCATE \$50,000 FACTORY

Local Capitalists Have Organized a
Company and Plan to Manu-
facture Furniture.

BUY LARGE TRACT OF LAND

Will be Divided Into Lots and Sold at
\$150 Each Cash or \$160
Time.

SALE STARTS AUSPICIOUSLY

Company is to Receive Free Site of
Four Acres Near J. M. & I.
in Bowen Addition.

Rushville is offered something to-
day which it may never again have
the opportunity to afford. Rushville
today has the chance to get up out of
the rut and convince itself that it is
capable of doing things. The oppor-
tunity to locate a \$50,000 furniture
factory, owned, operated and man-
aged by local men and financed by lo-
cal capital, is here today. All that
Rushville must do is to buy from 80
to 100 lots at \$150 each, lots that are
worth the money and lots that will
prove to be a good investments.

The lots are located in the Abra-
ham Bowen addition which extends
over the tract of land beginning at
the northeast corner of Main and
Eleventh streets and running north
and east. The tract of land has been
bought outright, cash paid in, by
Robert Tompkins and A. L. Stewart.
They propose to sell the land out in
lots with the assistance of the Rush-
ville Retail Merchants' Association,
the new furniture factory to have a
free site of four acres along the
right-of-way of the J. M. & I. rail-
road.

Committees of business men start-
ed out this morning to make a whirl-
wind campaign in the sale of the lots.
By the sale of the lots Rushville can
acquire a modern and up-to-date
factory which will be built at a cost
of \$50,000. At noon today thirty
lots had been sold.

The company which plans to erect
the factory and manufacture furni-
ture is composed of William E. Hav-
ens, A. L. Riggs, Guy Abercrombie,
Robert L. Tompkins, Charles Baker
and Alonzo L. Stewart. The com-
pany proposes to build a plant and to
expend near \$50,000 judiciously and
along business lines.

The company has been working
quietly and secretly for several weeks
to obtain a suitable tract of land to
locate their factory, but was unsuc-
cessful. The result was that Messrs.
Stewart and Tompkins yesterday
purchased the Bowen tract with their
own money.

They place the proposition square-
ly before the Merchants' Association,
asking for the assistance of the or-
ganization in selling lots to pay for
the land, the local company to have
four acres of the tract free of charge
for a site. They propose and agree
to build the factory as specified if
the Merchants' Association will agree
to assist in disposing of the lots.

The executive committee of the
Merchants' Association met last night
and agreed to accept the terms of the
local men and the work was started
this morning to dispose of the lots.

If the merchants carry out their
part of the agreement, the company
says that the tract will be divided up
into lots and that, beginning at the
northeast corner, they shall com-
mence at No. 1 and proceed upward
and downward consecutively as they
number to the west. The lots, it is
agreed, shall be from 40 to 46 feet

wide and 135 feet long. The company
further agrees to plot out the tract
into streets, grade them and plant
trees on each lot.

The lots are being sold at \$150
each, when the cash is paid, but on
time the lots are \$160. In the time
agreement, \$50 is to be paid when the
contract is made, \$55 on August 1,
and \$55 on December 25, 1911. The
company agrees that it will return
every cent of the money paid in for
lots if the factory is not erected as
agreed. That the local men behind
the movement are sincere and intent
on carrying out their carefully laid
plans is apparent by the fact that
they paid out the money from their
own bank accounts for the tract of
land and are carrying the deed to it
with no contract for the deal to be
declared off if the lot sale is a fail-
ure. They have the property and will
build a factory if possible.

The price of the lots is extremely
reasonable as is seen by comparison
with other lot sales in Rushville. The
Belmont addition, which adjoins the
Bowen tract on the north and which
is not nearly so desirable so far as
location is concerned, was sold out in
lots recently. These lots averaged
\$250.00 each, that is, east of Per-
kins street. The poorest lot in the
addition is not nearly so desirable as
the poorest lot in the Bowen tract,
brought \$175, and yet only \$150 is
asked for the best lot in the Bowen
tract.

The comparison of the recent lot
sale attempted by the Commercial
club, which has since ceased activity,
several months ago with this propo-
sition, offers much food for thought.
The location was not as desirable as
the present one, and yet \$225 each
was asked for the lots. There were a
large number of lots to be sold and
175 of them had been disposed of be-
fore the deal was called off. So if
that many lots could be sold at a
greatly increased price, lots that were
not so valuable and that did not of-
fer such a good investment, there is
every reason to believe that one hun-
dred lots under the present condi-
tion in the Bowen tract can be dis-
posed of with ease. There is another
factor in regard to the present
proposition which should be consid-
ered. In this instance, Rushville is
working for something and has some-
thing definite in sight. If the lots are
sold, a \$50,000 factory will be built
here by local men, while in the other
instance there was nothing definite
except a few indefinite promises
which did not mean that a factory
would be located.

In this instance everything is lo-
cal. It's local capital, local interest
and only this locality that is to be
benefited. The men who are offering
the proposition have lived in Rush-
ville all their lives, are responsible
men, expect to stay in Rushville and
will continue to invest their money
in Rushville. It is hard to see how
any fault can be found with such a
plan as is offered Rushville to enrich
itself.

J. B. Schriebe, although retired
from business, still has the interest
of Rushville at heart and is today
probably the most public-spirited man
in the city. Just as soon as he heard
of the new move, he sent word that
he wanted the first lot, and that he
wished to head the list. His wish was
granted.

BASKET SOCIAL.

Knights of Pythias will give a
basket social next Wednesday night
for the Knights and their families. A
musical program will be given at
eight o'clock, followed by the social.

Experiments with thousands of
subjects have shown that the aver-
age man attains his maximum
strength in his thirty-first year.

SMALL CROWD HEARS LECTURES

Professors Surprised That Rush
County Men do Not Take More
Interest in Corn Raising.

THE CHAMPION GROWER TALKS

Prof. Christie Points Out Best Way
to Maintain Soil Fertility—
Big Problem of Age.

The corn seed special, which is be-
ing operated by the experiment sta-
tion at Purdue University, in charge
of Prof. G. I. Christie, arrived here
over the L. E. & W. last evening
about an hour late and some of the
professors and instructors repaired
to the court house where a crowd of
interested farmers had already gather-
ed to hear the lectures. This is the
only point visited during the five
days' trip over the State that the in-
structors have left the train and
gone to any building to give their
lectures. The meeting continued for
over two hours, the lectures being
delayed at times by farmers asking
questions in regard to corn growing
and the testing of seeds.

The train is in the charge of
Professor George R. Christie, head
of the agricultural experiment de-
partment at Purdue. Professor
Christie is accompanied by a corps of
Purdue professors and instructors,
and by three practical farmers of
Indiana, J. P. Prigg of Daleville,
president of the Cattle Breeders' As-
sociation; L. B. Clore of Franklin,
president of the Corn Growers' As-
sociation, also a member of the recent
legislature, and T. A. Coleman of this
county, president of the Swine Breed-
ers' Association.

T. A. Coleman was righteously in-
dignant that Rush county farmers
did not make any better showing
than they did. There were not fifty
farmers in the assembly room when
the most instruction they will possi-
bly ever be able to get on farming,
was to be had. The best authorities
in the State on farming gave the
farmers of Rush county the advan-
tage of their years of training and
experience and the average indiffer-
ent farmer of Rush county scoffed at
it by refusing to walk to the court
house to hear it. Mr. Coleman was
ashamed to meet the other men on
the train after the lecture, due to the
fact that Rush county farmers showed
their ignorance by allowing such a
chance to go unheeded.

It was planned that the instruct-
ors and professors with the train
should be hurried to the country
home of Mr. and Mrs. William Alex-
ander, northwest of the city, upon
their arrival here for dinner and
should return to this city for the
meeting. Due to the fact that the
train was late here, Prof. Christie,
L. B. Clore, both of whom lectured,
and T. A. Coleman came down to the
court house for the meeting, while the
other men went to the Alexander
home. After the meeting the lectur-
ers went to Mr. Alexander's home,
where the belated dinner was served.

L. B. Clore of Franklin, Ind.,
president of the National Corn Grow-
ers' Association and champion corn
grower of the United States, who has
won the first prize for four consecu-
tive years at the National Corn Show,
talked for an hour on the value of
testing seed sorn. His lecture was
illustrated by charts.

"The character of seed is one of
the most important factors in corn
production," said Mr. Clore, "and es-
pecially because it is so liable to be
defective. Fertile soil and all other
things that go to make a good corn
crop are all of the utmost importance
Continued on page two.

IMPRESSION IS VERY FAR WRONG

W. F. Scott Declares Belief is Cur-
rent That Scott-Madden Iron
Works is Defunct.

BLAMES THE NEWSPAPERS

No Such Statement as That Has Been
Made Nor Has it Been
Inferred.

William F. Scott, president of the
Scott-Madden Iron Works, is under
the impression that the bile is gen-
eral that the company of which he is
head, is defunct. He wishes it to be
plainly understood that the Scott-
Madden Iron Works is still a man-
ufacturing institution and that it will
still do business in Keokuk, Iowa, and
St. Louis, Mo., where the concern is
located.

Before the Iowa and Missouri in-
dustries were combined with the local
factory, it was not known as the
Scott-Madden Iron Works. The
combined organization was known by
that name. Since the local factory
has been bought by local men and
incorporated under the name of Ar-
buckle & Company, the two other
factories, of which Mr. Scott is the
head, will still be known as the
Scott-Madden Iron Works. As to
whether or not they will be moved,
Mr. Scott does not state and it makes
little difference to Rushville, since
he will not join with the local indus-
try, as it was first openly declared.
Local people will recall the details
of the following negotiations in Mar-
ion, where the factory was finally
given up, according to the Marion
papers, because the plant did not
come up to their expectations.

It is difficult to see how any ar-
ticles published in the Daily Republi-
can concerning the foundry should
create the impression that the busi-
ness of which Mr. Scott is president
was down and out, even though, Mr.
Scott declares that such is the case.
When it was learned that the local
foundry had been purchased by local
men, the future of the other parts of
the Scott-Madden Iron Works held no
interest to Rushville people. When it
was stated in the Daily Republican
that "It is no longer the Scott-Mad-
den Iron Works, but it is now Ar-
buckle & Company," the plant here
was referred to, as it has been known
by that name and no inference
could be taken from that that Mr.
Scott and his interests were out of
business.

The Daily Republican felt justified
in saying that the local company was
re-organized as practically the same
men are interested as were before,
but Mr. Scott thinks it best to say
that Arbuckle & Company bought the
plant here from the Scott-Madden
Iron Works.

The local company will continue to
operate the plant as it has been in
the past and manufacture tile ma-
chinery. It seems that the Scott-
Madden Iron Works, if you please,
and the local plant has a sort of re-
ciprocity agreement, by which the two
plants will handle each other's out-
put. In regard to that and the fu-
ture of the plants of which he is
president, Mr. Scott said this morn-
ing.

"The Scott-Madden Iron Works Co.
will still continue to manufacture
their original brick machinery at their
Keokuk plant, and in addition will
also build the Kersey steam shovel
and dredge. They will also continue
to sell the line of tile machinery
made by the local firm, as has been
mutually agreed by the parties inter-
ested. The Scott-Madden Iron
Works has not passed out of exist-
ence and Mr. Scott has not retired
from its management.

MAY IMPORT SOME GIRLS TO DUST SALOONS

RushvilleGlove Company Can Not Get
Help Here.

Signs of prosperity are on every
hand, according to the Rushville
Glove company. The owners have
been advertising for help for several
weeks or since they have been located
in their new building, but they are
having little success. They are al-
most distracted and have made per-
sonal appeals for assistance. They
are now employing twenty-two per-
sons and are planning to import some
girls from Terre Haute, if they do
not meet with success here soon.

NIGHT SESSION OF MAYOR'S COURT

Richard Glover Fined For Being
Drunk and Preston Stanley up
on Truant Charge.

WILL SEND BOY TO SCHOOL

Richard Glover was arrested yes-
terday afternoon by City Marshall,
Jesse Harlow for being drunk and
when arraigned before Mayor Black
last night pleaded guilty and was
fined one dollar and costs which he
paid. Glover had been warned sever-
al times to get off the streets but paid
no attention and was finally arrested.

Preston Stanley was arrested yes-
terday on an affidavit sworn out by
truant officer Dan Kinney, charging
him with not sending his son, Russell
to school. The case was heard last
night before Mayor Black and on the
promise to send the boy to school,
Stanley was released.

FRANK BROOKS MAY NOT RECOVER

Man Who Was Injured in Pit Cave-in
at Carthage Has Concussion
of Brain.

OTHER VICTIM IS IMPROVING

Ross Parrish and Frank Brooks,
who were both injured in accidents at
the Carthage straw board works yes-
terday, did not rest well last night.
It is feared that Brooks will never re-
cover, while Parrish will be well in a
few weeks.

Brooks suffered a concussion of
the brain when he bumped into a
beam and was rendered unconscious,
while attempting to escape a pit cave-
in in the works. He was thought to
be fatally hurt and since that time
the serious complication has arisen
which causes physicians to believe
that he can not get well.

Yesterday it was thought it would
be necessary to amputate Parrish's
hand which was mashed in the large
squeeze roll, but that was not the
case. Physicians decided that the
hand could be saved though one of
his fingers was broken, one bone in
his wrist broken and the hand badly
lacerated.

DIES FROM SCARLET FEVER.

Helen, the eight-year-old daughter
of Mr. and Mrs. Joe Risk, died this
morning at their home in Jersey City
after a week's illness from scarlet
fever. The child was thought to have
been recovering, when complications
arose. Burial took place this after-
noon at three o'clock.

GET SIGNATURES TO DUST SALOONS

Eight Remonstrances Are Circulated
in Second Ward and Six Pre-
pared For First Ward.

ACTING UNDER MOORE LAW

Said That Number of Influences Have
Combined to Bring About the
Unusual Action.

Eight remonstrances are being cir-
culated in the Second ward and six
remonstrances will soon be put in cir-
culation in the First ward. The pur-
pose of the remonstrances is to put
the four saloons out, which have only
recently been given the right to oper-
ate by the county board of commis-
sioners. The saloons which will be
affected in the Second ward are those
which opened Saturday and are own-
ed by James McCormie and Thomas
O'Neil. Those in the First ward,
which will be affected are Clyde Mil-
ler's which was opened yesterday and
James Smith's which will not be
opened for a few months.

There has been a well defined ru-
mor for several days that temper-
ance people would take advantage of
the Moore remonstrance law which
was left on the statutes books by the
last legislature after much legisla-
tion and the erasing of the county
option law. A few days ago six re-
monstrances were prepared for the
Second ward and since that time two
more have been made and put into
circulation. Six remonstrances were
prepared for the First ward yester-
day, but it is not known that they
have been circulated as yet.

It is said that the remonstrances
are being signed freely in the Second
ward. It is understood that there are
a number of reasons which have
caused "wets" as well as "drys" to
affix their signatures.

The Moore remonstrance law pro-
vides that a majority of the voters
who cast a ballot in the last election
shall be enough to put the saloons out
of a ward. In the last city election
403 votes were cast for mayor, which
means that the signatures of 202
voters in the ward will put the sa-
loons out. In the First ward 476
votes were cast for mayor, which
means that 239 signatures in that
ward will be necessary to put the sa-
loons out of business. The Moore
law provides, however, that the sa-
loon keeper shall be allowed to con-
tinue until his license expires. It
means that Rushville would have sa-
loons, even if the remonstrances were
successful, a year from the date the
last license was issued.

It is understood that a number of
things have combined to cause the re-
monstrances to be circulated at this
time, even though the city was re-
cently voted "wet" and the saloons
were legally entitled to hold forth. It
is said that the "drys" have been
righteously indignant at some of the
occurrences since the saloons have
opened and that a great wave of sen-
timent has been created against the
business. It is known that some of
the "wets" have been fighting among
themselves and that some of them,
so it is said, in order to "knife" their
enemies, will and have signed the re-
monstrances. Politics is also playing
an important part as some Democrats
are sore at the actions of the Republi-
cans and vice versa.

SMALL CROWD HEARS LECTURES

Continued from page one.

in contributing to the final results, but none of these factors can make amends for poor seeds. One of the simplest ways in increasing the corn yield is the making sure of good seed, but because of its simplicity, many farmers overlook it.

"We must think of several things in defining good seed. First, the variety of corn must be one that is adapted to the local conditions where it is to be raised; secondly, the seed must come from well developed ears grown under normal conditions, and third, the seed prepared for planting must be strong in vitality and the kernels graded to uniform sizes for the planter.

"In selecting a variety, care must be exercised to get one that will mature properly. Much loss has resulted by attempting to grow varieties that are too late or too large for the locality. There is a wide range of difference between varieties produced in different climates. Also in testing the relative productiveness of varieties of corn under the same conditions, great differences have been found. Such differences are found in variety or characteristics, such as color, size or ear or shape of kernel. It costs no more to tend a good variety than it does to tend a poor variety. Good varieties can easily be had. Corn seed should be obtained as near home as possible or at least from the same latitude.

"The best way by far to secure good seed corn is to produce it at home. No purchased seed is half so well adapted to your climate as that which you raise. Corn is more sensitive to changed conditions than any

other grain. The man who gets a good variety and then gives it special attention, planting only the grains of the best ears each year, will have better success than his neighbor, who depends on purchased seed. The best time to select seed corn is soon after the crop has matured. The character of the stalk should be taken into consideration and only the well matured ears should be used. There is a limit to the size of the ear that can be expected to ripen in the average season. Most farmers make the mistake by trying to raise corn that is too large and too late for their conditions. By selecting well matured ears, there is no danger of getting the variety too large or too late."

Mr. Clore devoted considerable time to the kind of ears that should be selected, saying they should be cylindrical in shape, strongly developed, but not too thick. He showed on a chart the various types of kernels and the ones that should be chosen to obtain a good result.

In caring for the seed corn, Mr. Clore said that they should be taken from the field at once and stored in a dry, well ventilated place. He declared that much corn that was intended for seed is injured by the improper methods of storing and drying. He asserted that it is most liable to be injured within six months after shucking. He said that the outside of the ear may be dry but that the cob and the tips of the kernels should be moist. Mr. Clore emphasized the fact that the best seed corn comes from that which matures and dries naturally, and that no farmer should attempt to raise corn which will not dry in a natural manner without any artificial force being brought to bear on it. He had a chart which showed the best means of storing seed corn in a rack. He said that the final selection of seed corn should contain a good many more ears than would really be needed for planting so as to leave room for culling.

"No farmer can afford to test the vitality of his seed corn, no matter how well it has kept," continued Mr. Clore. "There are so many ways in which the vitality of the seed corn may be ruined that it is never safe to assume that it is perfect in any condition. There may not be a single ear that will not grow, but there may be some weak ones which the seed test will help you to weed out. Every weak ear that goes to the planter means several hundred of weak plants or a vacant place in the field and a big loss in yield."

Mr. Clore said that the germination test might be made in several ways, but that the best plan had been found to be the picking of kernels at random from the ear and testing them in the following manner: "A convenient tester may be had by using a tray filled with sand and measured off into small squares by wires, each square being large enough to hold several kernels from each ear of corn. The sand should be kept moist and the kernels should be pressed deep into the sand, but not out of sight. A glass cover should be put over it, but no too closely as the germinating seeds need some air. The tester should be placed in an ordinary living room. All kernels which do not send out vigorous roots and stem sprouts in four or five days under these conditions should be considered too weak to germinate properly and the ears from which they came should be considered useless and not be planted."

Mr. Clore spoke for a short time on the manner in which the seed should be prepared for planting.

Prof. G. I. Christie spoke for over an hour on the question of "Maintenance of Soil Fertility." In declaring

THE AGONY OF A BABY UNDER A SKIN AFFLICTION

is all the more terrible because it can't tell you how it suffers. But there is relief at hand—not only relief but a permanent cure from prickly heat, rashes, hives, eczema and all other skin affections so prevalent among infants during the summer months. If you want to see your baby rest easy once again—and a look of relief spread over its little face just apply this splendid remedy ZEMO. We believe honestly and sincerely that in ZEMO you will find the cure you have been praying for. We can tell you in all truth that we have made thousands and thousands of parents happy by this simple but sure remedy.

And to prove our absolute sincerity, we have instructed all druggists selling ZEMO, to refund the purchaser his money if the very first bottle does not bring relief. Used persistently thereafter ZEMO is bound to cure.

ZEMO and ZEMO SOAP make the most economical as well as the cleanest and most effective treatment for affections of the skin and scalp whether on infant or grown person.

Sold by druggists everywhere and in Rushville by our authorized agent, F. E. Wolcott.

ing the intention of the special trains, Mr. Christie said: "Rather than being a great educator we plan to make the farmer think for himself. We do not come here with any theoretical problems which are not practical and expect to teach the farmer something new. All we wish to do is to get the farmer to think and then go home and practice what he already knows. We can not believe that every Indiana farmer is not intelligent enough to know how to farm, but he does not make use of the knowledge which he has. We have found in making trips over Indiana that the farmer who needs prodding, the indifferent farmer, always stays at home and the prosperous farmers meet us at every station and often drive fifteen or twenty miles to hear a thirty minute lecture.

"We have found that over 4,500,000 acres in Indiana is devoted to corn growing that about an average of 37½ bushels to the acre is obtained. Unless you are able to get thirty bushels to the acre, it is a waste of time and money. Farmers until the soil fertility is all exhausted raise corn in one field year after year and then they raise the cry that the land is useless. What we try to teach is to maintain soil fertility and not build it up. It is good enough to start with."

With charts and figures Prof. Christie showed, his statistics being based on the comparison of the yields twenty years apart, that there was a great loss of nitrogen, phosphoric acid and potash to the soil, especially when corn is grown in the same place continuously. He showed that there was not such a great loss when corn and wheat were rotated in crops, but that the loss was much smaller when corn, oats, wheat, and clover were grown in rotation. But with the last set of crops, his statistics showed a great loss to the soil. Using actual statistics gathered in Indiana he showed that in well fertilized fields the soil fertility was maintained and that plan is the only one which has been found to be a success in order to insure good crops continuously.

OFFICE, NO. 21 SOUTH TENTH STREET, RICHMOND, IND.

DR. W. R. MAYO

715 N. Alabama St.
Indianapolis, Ind.

SPECIALIST
Will be at

**RUSHVILLE,
GRAND HOTEL**

Friday, March 31,
And Every Four Weeks Thereafter.

Lung Trouble and Catarrh have been successfully treated by his INHALATION METHOD. By this method the oils are applied directly to the diseased parts.

HYDRCELE and VARICOLE by one treatment has effected cures in several cases. Dr. Mayo has treated successfully Blood Poison, Skin Disease, Kidney, Bladder, Prostatic Troubles, Piles and Fistula.

Dr. Mayo has treated a number of cases of CANCER without the knife.

CANCERS AND TUMORS HAVE BEEN TREATED WITHOUT THE KNIFE.

Dr. Mayo has treated successfully all forms of chronic diseases that are curable, such as diseases of the Brain, Heart, Lungs, Throat, Eye, and Ear, Stomach, Liver, Kidneys, Bladder, Blood Poison, Rectum, Female Disease, Impotency, Seminal Emissions, Nervous Disease, Catarrh, Piles, Stricture, Eczema, Varicole, Hydrocele, etc.

If afflicted with any of the ailments constituting my specialty, you can come to me knowing that I have treated many cases like your own and many others very similar with satisfactory results.

After examination I tell you just what I can do for you. If I can not benefit or cure you I frankly and honestly tell you so. Write for examination and question blank.

"The days come and go like muffled and veiled figures sent from a distant friendly party, but they say nothing, and if we do not use the gifts they bring, they carry them silently away." (Emerson)

The opportunity this day brings to you, is to start using "Clark's Purity Flour." Don't let the gift pass away, but hold to it and enjoy it.

Mr. and Mrs. Chande Dyer entertained Thursday evening a few of their former schoolmates, Misses

Our Ten Commandments.

- Rule 1. Don't Lie—it wastes our time and yours. We'll sure find out in the end. Buy a Ford Car and you won't have to lie about your tire expense.
- Rule 2. Do not Steal an automobile when you can buy a Model T Ford Turing Car for \$780. It's cheaper to buy.
- Rule 3. "Don't buy a Ford Car because it is cheap, but because it is the best." Henry Ford.
- Rule 4. Ford Cars have proven themselves to wear better than any of them, because of the superior workmanship and material used in their construction. "Thou shalt not bear false witness against thy neighbor."
- Rule 5. Vanadium steel is used in all axles and spindles, crankshaft and springs, is heat treated and does not crystallize. Wheels will not drop off when given the last strain. Remember the injunction, "Thou shalt not kill."
- Rule 6. Henry Ford has led us out of the land of the wilderness as it were—out of the land of bondage of the Selden Patent and demonstrated that he is no false leader. Follow him and use Ford Cars.
- Rule 7. When you talk Ford Automobile, put a four cycle, four cylinder, twenty horse power Ford engine into your talk and take off the muffler. It will do the work, fear not.
- Rule 8. Covet not anything which is thy neighbors, but go and buy a Ford Car and enjoy life as he does.
- Rule 9. Neither a borrower nor a lender be. Own a Ford Car and be happy in the land which the Lord, thy God giveth thee.
- Rule 10. Buy a Ford Car so that your troubles may cease and your days be long upon the earth.

Yours truly,

RUSHVILLE FORD AGENCY.

Lucy Keith, Mirium White Eulalah Sweet and Florence Nipp.

Rev. Carl Berry of Carthage will deliver the baccalaureate sermon to the graduates at the Raleigh Christian church Sunday evening.

Carthage.

Dr. Gregor, of Greenfield, was in town Tuesday.

Mrs. Nan Hatton of Indianapolis is the guest of Lew Doughty and family.

WASH THAT ITCH AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you knew that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief.

The New Factory.

It does not seem possible that Rushville will turn down such an offer as it receives today. We are not predicting that it will be anything other than a glorious success and we are hoping that it will be so.

Men who have complained about industrial movements not being local can lodge no complaint against the present one. It is local from beginning to end, from top to bottom. It is all clean and above boards and every man, woman and child in Rushville knows the exact conditions of the contract. There are no secret labryiths.

The principal feature of the latest industrial opportunity for Rushville is the fact that the Rushville Retail Merchant's Association, which has shown great signs of thrift and progress, has something definite as a goal. They have a modern and up-to-date \$50,000 factory in sight. In other instances, in recent ones at least, there had never been anything certain about lot sales and the results have been vague. In this case it is clean and clear cut. Rushville men agree to invest \$50,000 in Rushville if Rushville will only help them by helping itself.

Another feature which should not be overlooked is the character of the men who are behind the movement. They are all Rushville men, men who are interested in Rushville, expect to remain in Rushville and who have pinned their faith in Rushville. They can not afford to make misrepresentations as they are engaged in other retail businesses here and will remain here the remainder of their lives. Believing that local people will take ad-

vantage of such an opportunity to locate a factory which entails an investment of so much money, the members of the company have expended their own money in the tract of land, four acres of which they are to have free of charge for a site, if the lots are sold, which proceeds will pay for the first cost of the land.

EDITORIALETTES.

That listens very good, that fifty thousand dollar factory.

And Rushville has not been enthused over anything so much in several years.

Robbers stole 200 pounds of cheese the other day. It is to be presumed that the police have the scent.

Goin' to buy a lot? You say you think you will? That's nice.

They say that even New Castle never had anything better than that which is offered to Rushville.

Evidently the Ben Davis Creek minister was too solicitous about the welfare of one dear little girl in particular. A lamb, as it were.

It is noticed in the newspaper dispatches that a millionaire is about to wed a telephone girl because she was so polite to him. Why spoil a nice polite telephone girl?

Just received, an extra fine car load of Potatoes at Black & Co. 10t6

WILL ORGANIZE BOY SCOUTS HERE

Nation Wide Movement Hits This
City—Includes Boys Between
Ages of 12 and 18.

TO APPOINT SCOUT MASTER

The Boy Scout movement, which has been going over the country, has at last hit this city and an effort will be made to establish a troop here. The Boy Scout is an organization for boys between the ages of twelve and eighteen years. They engage in Peace-scouting, living as much as possible out of doors; camping, hiking and learning the secret of the woods and fields. The movement is not essentially military, but the military virtues of discipline are taught.

The Boy Scouts first originated in England and at present there are about 400,000 members. The head of each troop is called the Scout Master, and he acts as a captain and must have charge of the boys. Orlando Simmes, son of Mr. and Mrs. Al Simmes is behind the movement here and has enlisted several boys thus far. He will appoint a Scout Master and expects to have the organization complete and in running order by this summer.

Best by Test, Fair Promise 5c Cigar.

CATARRH IS SURELY A DANGEROUS DISEASE

Thousands of people allow catarrh to slowly undermine the whole system until a serious disease develops—sometimes consumption.

People who have catarrh should use every effort to get rid of it, but should above all adopt a sensible method.

Stomach dosing, sprays and douches won't cure catarrh because it is a germ disease, and the germs must be destroyed before the disease can be conquered.

HYOMEI is the one sensible cure for catarrh because it reaches every fold, crevice and nook in the mucous membrane and gets where the germs are. You breathe HYOMEI and as it passes over the inflamed membrane its soothing influence heals the soreness and destroys the germs.

A complete HYOMEI outfit costs \$1.00. This consists of a bottle of HYOMEI and a hard rubber inhaler. Pour a few drops of HYOMEI into the inhaler and breathe it a few minutes each day, that's all you have to do. It is guaranteed by F. B. Johnson & Co., druggists everywhere to cure catarrh, coughs, colds and sore throat or money back. Extra bottle of HYOMEI costs 50 cents. Free trial sample on request from Booth's Hyomei Co., Buffalo, N. Y.

WAS TAKEN SUDDENLY ILL

Dr. Charles Parsons Removed to His
Home This Afternoon.

Dr. Charles Parsons was taken suddenly ill this afternoon in the alley in the rear of his store room in Second street and was removed to his home in an automobile. Dr. Parsons had been watching the workmen who were repairing his room and suddenly exclaimed that he felt ill and began to fall. Thomas Cauley caught him and assisted in taking him home, where he is reported to be resting nicely.

FORMER RESIDENT DEAD

David Spritz Passed Away at Home
in Cincinnati.

David Spritz, a former resident of this city, died about two weeks ago at his home in Cincinnati, according to word received here. Mr. Spritz was well known in this city and county, and was engaged for several years in the clothing business, being associated with Charles Spritz. Their store was located where the Wolcott drug store now is. Mr. Spritz had been in poor health for about a year, but his friends here did not know his condition was serious.

HOMESICK YOUTH DESERTS THE NAVY

Bert Shine Comes Back to His
Hoosier State After Seven
Days' Trip.

FREIGHT WAS LESS EXPENSIVE

Homesick and weary of travel and sight-seeing, Bert Shine, a St. Paul boy, who six months ago enlisted in Uncle Sam's navy, arrived in this city Wednesday evening, and after a wash-up, pursued his journey on to St. Paul to the home of his mother, Mrs. John Leach, says the Greensburg News.

On last Friday, when his vessel reached Norfolk, Va., Bert, with other sailor boys, was allowed to go ashore, and being attired in civilian clothes, making his escape possible, he allowed his longing for home to outweigh all consequences. With only \$2.50 in his pocket he made a dash for liberty and Hoosierdom. He had not shaken the dust of the Old Dominion from his feet until this money was exhausted, and then his

rings and other trinkets were disposed of one by one to raise funds, and even some of his wearing apparel. After the third or fourth day he fell to making short stops and doing a job of work now and then to obtain his food. He found travel by freight much less expensive, if lacking in some comforts of first-class travel. But these hardships were lost sight of in visions of old Flatrock and home folks.

RETURNS AND IS ARRESTED

Harry Pea Charged With Shooting
With Intent to Kill.

Harry Pea was arrested last night by Sheriff Clata Bebout on a grand jury indictment, charging him with assault with intent to kill. The indictment has been in the hands of the sheriff for several months, but Pea only returned to this city yesterday. It is said that Pea shot at Charles Bell in a fight which occurred in the west part of the city. Pea was released on bond.

Chicago's department of health has posted conspicuously in its office a "no smoking" sign, and the medical officers suggest that other municipal officials follow suit.

The census of 1910 gives Alaska a population of 64,356, only 764 more than in 1900; but 35,000 to 36,000 of these are whites, against 30,000 in 1900.

SOCIETY NEWS

SOCIAL CALENDAR.

FRIDAY.

Tri Kappa dance in Modern Woodmen hall.

Friday Afternoon Bible Class with Mrs. O. C. Norris in North Main street.

Social Dozen, with Mrs. Lincoln Guffin in North Harrison street.

SATURDAY.

May Donnan Study Class, in Main Street Christian church parlors.

The Sorosis club was entertained by Mrs. Cora Humes at her home in North Harrison street this afternoon.

* * *

Mrs. Bert Mullin entertained the Utopia club yesterday afternoon at her home in North Perkins street.

* * *

The Merry-go-Round club met with Mr. and Mrs. O. M. Horton, south of this city Wednesday. The entire membership of twenty was present to enjoy the day's pleasure. At noon a "big dinner" of several courses was served. J. F. Miller acted as toastmaster.

* * *

The Tri Kappas who give the dance in the Modern Woodmen hall this evening, are expecting a number of visiting guests for the event. Already many young people have arrived for the dance, which it is expected will be one of the most enjoyable social events of the season. The interior of the hall has been decorated in the sorority colors. The grand march will begin promptly at 8:30 o'clock.

LOCAL NEWS

John Mausner, who has been very ill with pneumonia and gripe, was out today after a five weeks' illness.

Mrs. Mary Macy, who formerly resided in Manila, is recovering from a severe attack of la gripe at her home in Greenfield.

Two "dry" detectives, said to be sleuths of the real Nick Carter-Sherlock Holmes variety, are said to be in New Castle in the employ of the local option committee.

The Willing Workers' Sunday school class of the St. Paul M. E. church will hold an exchange in Miss Ida Dixon's millinery store tomorrow.

The Cause of Most Sickness

A great many cases of sickness are caused by neglecting the bowels and we should pay more attention to this important fact. You stand a better chance of enjoying better health and happiness if you use Raymond Cascara Laxative Tablets composed of cascara, Senna, licorice, wintergreen and a compound, making a mild, pleasant laxative, works freely and keeps the system in a healthy condition. These tablets are cheaper than any one on the market. Boxes containing 12 for 10c; 36 for 25c; 75 for 50c. Never sold in the bulk and for sale only by Hargrove & Mullin, Manufacturers of Raymond Remedies.

Amusements

The Vaudet theater will have a complete change of program tonight.

The Palace theater will have a complete change of program.

The Star Grand will offer a Bison film tonight entitled "The Half-Breed's Plan." It is a western drama and a Nestor film entitled "Their New Minister," which is the comedy hit of the season. The Melville Hamilton company will appear again tonight and Earl Robertson will sing a new song.

When "The Blue Mouse" was first produced in New York, having been translated from the German by Clyde Fitch, it was little thought beforehand that it would prove a sensation. Much was hoped for it, but the reception of the piece was even greater than either the author or the producers dreamed of. An example of this, the leading magazines bestowed the most flattering praise upon it. The farce, with a cast of thirty, will be presented at the Auditorium in Connorsville next Saturday. It is the same cast which finished a three day's engagement at the Murat theater in Indianapolis Wednesday evening.

Among the most interesting and important players on the American stage, Madame Kalich commands unusual attention. There is no greater actress before the public than this notable woman who has within seven years won a position of permanence and the highest honors, and who fills that position with distinction. Her art is many-sided and her range of characters covers almost the entire scale of emotion. "The Krentzer Sonata" in which she scored a triumph before New York audiences is as far removed from the comedy "Cora" in which she was seen two years ago as laughter is from tears. It was in "The Krentzer Sonata" that Madame Kalich astonished New York and the larger cities in which she was seen. Here, it was declared, was a remarkable play in which the new star appeared with such intense realism that her characterization of the young Russian girl was one of the most memorable achievements of years. In this play she created such enthusiasm that audiences were held

spellbound in the powerful scenes which Jacob Gordin had first conceived and Langdon Mitchell had later adapted into the drama in which Madame Kalich was presented. The story of the young Russian girl exiled by her father to America because she had loved an officer of another religion, married to a weak and vicious musician of the lower East Side, and finally ending with a great tragedy when she finds that her husband has become involved in a love affair with her own sister, forms a play of gripping power. It is promised that the supporting company will be one of perfect balance and that the play will be mounted with all the fidelity demanded by its interesting scenes. It will be presented at the Shubert Murat theater, Indianapolis, on next Monday, March 27 for three performances. Among the members of the supporting company will be: Frank Losee, George Christie, Gustave Hartheim, Lyster Chambers, Mabel Brownell, Jennie Reiffarth, Lillian Kalich, Kate Jepson and others.

MAPLE SYRUP SEASON ENDS

Weather Has Become Too Warm And
Spiles Are Drawn.

The maple syrup season has ended. Spiles have been drawn and no more sweet sap of the maple tree will be used this year. The weather has become too warm. The season on the whole has been a success, in fact one of the best for many years. The flow of sap was as well regulated by nature as could be hoped. Only on three occasions since the season began, February 21, was the weather too cold for a flow. And these occasions gave the syrup makers just time enough to clean spiles, cans and tanks. Then the sunshine brought a good flow again and syrup making was resumed.

Try Mrs. Austin's Famous Pancake Flour, sure to please. All grocers.

Sulky and Gang Plows

all made by the Syracuse Plow Co.

The Best Plow Made on Earth Today

I have sold, up to date, 25 of them. If you are needing a plow that has the best Jointer ever made, will turn under all kinds of trash except stumps and old rails. Sam Young says it is the best he ever plowed with. Rev. V. W. Tevis says Sam Young never plowed a furrow in his life that he knows of. Did you know that Sam had quit lying.

Gang, Sulky and Disc Harrows

For Less Money Than Any Dealer in the City
or Any Other Place In Rush County

Heavy and Buggy Harness

Come and leave your order for Heavy Work Harness. Have two of the best Harness men in the city. I have sold more fine Heavy Harness than all the harness shops in the county. I have five sets ordered to be made in the next 30 days. Plenty of chain and pipe Harness on hands at all times. Anything you need. Bring in your old Harness and have them repaired at once.

Lesson XIII.—First Quarter, For March 26, 1911.

THE INTERNATIONAL SERIES.

Text of the Lesson, a Comprehensive Quarterly Review—Golden Text. Ps. xlvii, 15—Commentary Prepared by Rev. D. M. Stearns.

LESSON I.—The kingdom divided. I Kings xii, 6-16. Golden Text. Prov. xiii, 20, "He that walketh with wise men shall be wise, but a companion of fools shall be destroyed." The kingdom was divided because of Solomon's sins (chapter xi, 11), but shall in due time be reunited as the Lord has purposed (Ezek. xxxvii, 21, 22). Back of and through and controlling and overruling all the actions of all men, good and bad, we must always see God.

LESSON II.—Jeroboam makes idols for Israel to worship. I Kings xii, 25-33. Golden Text. Ex. xx, 4, "Thou shalt not make unto thee any graven image." Although Jeroboam was well aware that the Lord had given him these ten tribes and would on condition of obedience establish his kingdom (xi, 31-38), he could not trust God, who had been so kind to him, but deliberately listened to and acted upon the advice of the devil and worshiped him.

LESSON III.—Asa's good reign in Judah. II Chron. xv, 1-15. Golden Text. II Chron. xv, 7, "Be ye strong therefore and let not your hands be weak, for your work shall be rewarded." How refreshing to find a man on whose behalf the Lord can show Himself strong (xvi, 9). He is still looking for such. The words that help me most in this lesson are xiv, 11, with the verse just quoted and xv, 15, seeing and resting in the Lord alone.

LESSON IV.—Omri and Ahab lead Israel into greater sin. I Kings xvi, 23-33. Golden Text. Prov. xiv, 34, "Righteousness exalteth a nation, but sin is a reproach to any people." The statements concerning these two are that they each did worse in the eyes of the Lord than any that were before them (verses 25, 33). It would be difficult to find two men more given over to the devil than these two.

LESSON V.—Jehoshaphat's good reign in Judah. II Chron. xvii, 1-13. Golden Text. Matt. vi, 33, "Seek ye first the kingdom of God and His righteousness, and all these things shall be added unto you." I am much helped by the prayer

of this good king and by the words: "In thine hand is power and might. We have no might, neither know we what to do, but our eyes are upon Thee."

LESSON VI.—Elijah the prophet appears in Israel. I Kings xvii, 1-16. Golden Text. Ps. xxxiv, 10, "They that seek the Lord shall not want any good thing." Now we see one of the grandest men that ever lived and yet a man of like passions with us (Jas. v, 17). His great word is, "The Lord God of Israel liveth, before whom I stand" (xvii, 1; xviii, 15). They are the first words we ever hear from him. Note the Lord's special care of him at Cherith and Zarephath.

LESSON VII.—Elijah's victory over the prophets of Baal. I Kings xviii, 25-39. Golden Text. Josh. xxiv, 15, "Choose you this day whom ye will serve." See 850 men against one man, but God was with the one man and against the 850, and a half minute prayer to the living and true God accomplished what an all day crying and pleading of the 850 could not.

LESSON VIII.—Elijah's flight and return. I Kings xix, 1-16. Golden Text. Isa. xl, 31, "They that wait upon the Lord shall renew their strength." In this lesson we see the weakness of one of the best of God's servants, who was not afraid of Ahab nor of 850 false prophets, but who ran for his life because of the threat of a wicked woman. Note the angel's ministry and the patience and loving kindness of God.

LESSON IX.—Elijah meets Ahab in Naboth's vineyard. I Kings xxi, 11-20. Golden Text. Luke xii, 15, "Take heed and beware of covetousness." How selfish and cruel are people apt to be who live wholly unto themselves! They must have their way at any cost, no matter who may have to suffer or even die. But there will be a reckoning, and the Judge of all the earth will do right. The Lord Jesus said, "Fear not them which kill the body."

LESSON X.—Elijah goes up by a whirlwind into heaven. II Kings ii, 1-18. Golden Text. Gen. v, 24, "Enoch walked with God, and he was not, for God took him." The man who wanted to die never did die. So it may be with some of us (I Cor. xv, 51). The other notable features of this lesson are the devotion of Elisha to Elijah and his earnest desire for a double portion of his spirit. Note "They two went on."

LESSON XI.—Elisha the prophet restores a child to life. II Kings iv, 25-37. Golden Text. Rom. vi, 23, "The gift of God is eternal life through Jesus Christ our Lord." The woman who entertained Elisha did not entertain an angel, but one to whom angels ministered and who knew the Lord, and thus she ministered to the Lord Himself

(Matt. x, 40, 41), who rewarded her with a son and also gave him back to her from the dead.

LESSON XII.—Defeat through drunkenness. I Kings xx, 12-21. Golden Text. Prov. xxxi, 4, "It is not for kings to drink wine nor for princes strong drink." We might associate with this lesson the drunken feast of Belshazzar and his lords and also the birthday party of Herod, all ending with death. Let us note verses 13, 28, and the Lord's desire that Ahab and all others might know Him.

CHRISTIAN ENDEAVOR.

Prayer Meeting Topic For the Week Beginning March 26, 1911.

Topic.—A missionary journey round the world.—III. Missions in the United States (west).—Isa. lxii, 1-12. Edited by Rev. Sherman H. Doyle, D. D.

No adjective better describes the western part of our country than the word "great." It is great in area, great in spiritual needs, great in possibilities for Christ. Pre-eminently is it the great home mission field of the present day, for if you think that missionary work in the west is well nigh done you simply do not know the facts. The west is more and more becoming the home of the foreigner who comes to our land with his un-Christian ideas and practices. The readiness with which people leaving Christian homes and Christian communities become indifferent to all religious work and worship under the changed conditions in the west but magnifies the need. Many of our western fields today are as needy of the church and the gospel as can be found. There are districts in the west occupied by many people where there is not a church of any denomination. Here the real battle in the Christianization of our land must be fought, and there is no more important work in the church today than that of holding the west for Christ. It won and America is won; America won and the world is won.

How deeply should we rejoice that with the westward march of our civilization the church sought to keep pace. What a tremendous debt do we owe to those pioneers who led the van, bearing aloft the banner of the cross. The only way in which we can honor those heroic souls is by continuing the work they so nobly begun. The work of evangelization must go on. We are called to it by every consideration of patriotism and religion. It is the cause of country, the cause of humanity, the cause of God. We must evangelize the

Local Churches Sunday School Lesson Christian Endeavor

west for the sake of the people who are already there and who are going there. They are souls for whom Christ died, as well as the hordes of Africa. We must evangelize it for the sake of our country, of which it is an integral and important part. The coming millions of the west must be pervaded by the gospel of Christ. We cannot afford to leave so influential a part of our country to godlessness and its attendant perils. We must go up and possess this land for Christ, for it is our land. The people of the west are doing all they can for themselves, laboring with splendid intelligence and devotion and giving generously. But their numbers in many sections are comparatively few, the regions to be supplied are vast, and the need is great. We should give all the help that we can, and give it now, before the formation period is passed. Today calls the opportunity whose knell tomorrow may sound. Grasping this grand opportunity, sending forth our missionaries, the gospel's sound will be heard in every hamlet, village, town and city, and the songs of the redeemed will be sung by the vast and sturdy population which is to determine so largely the future character and destiny of our nation.

BIBLE READINGS.

Gen. xxii, 1-18; Ps. lxxii, 8; Isa. xxxv, 1; Jonah iii, 1-10; Matt. xxviii, 19; Acts xvi, 9.

CHURCH NEWS

+Services to be held at the South Pearl Street Salvation Army church: Preaching Wednesday, Friday and Saturday night at 7:30; Holiness meeting at 10:30 Sunday morning; senior Sunday school at 2 o'clock; open air meeting at 3 o'clock and preaching at 7:30 Sunday evening. Everybody welcome. Captain and Mrs. Enoche are the officers in charge.

+The Union Mission Sunday school will meet Sunday afternoon at two o'clock at the Mission church in South Pearl street. After the regular services, the King's Daughters of the United Presbyterian church will relate an interesting biblical story.

THE CAUSE OF MOST SICKNESS

A great many cases of sickness are caused by neglecting the bowels and we should pay more attention to this important fact.

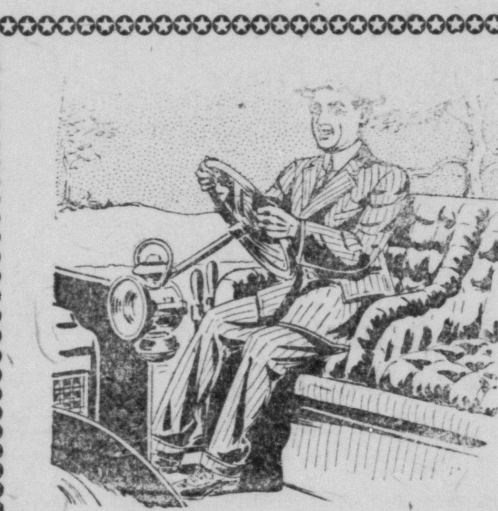

RAYMOND CASCARA LAXATIVE TABLETS

You stand a better chance of enjoying better health and happiness if you use Raymond Cascara Laxative Tablets are composed of cascara, senna, licorice, wintergreen and a compound making a mild, pleasant laxative, works freely and keeps the system in a healthy condition. These tablets are cheaper than any on the market. Boxes containing 12, 10c; 36, 25c; 75, 50c.

HARGROVE & MULLIN MFGS. RAYMOND REMEDIES

West Fifth St.

Golden Sun Coffee

Put any eighteen people you know in line. Think they'd care for the same Blend of Coffee? Certainly not. One man wants his coffee smooth and mellow. Another likes his keen and sparkling, while the next man wouldn't have anything but a full-bodied, heavy coffee.

With the largest coffee business in the world and a generation of experience back of us we have proven that there are five great coffee tastes and that all coffee drinkers like one of five different coffee flavors.

Our Five Blends of Golden Sun Coffee are put up to meet these five different tastes.

Your grocer will tell you—if he is a dealer of experience and is honestly trying to give service—that coffee prices are greatly abused; that many people pay for what they consider a high priced coffee when the Blend that really suits them costs

much less to put up. Now our lowest priced Blend may exactly meet your taste and you may discover that you have been paying 10 to 20 cents too much for your coffee. Each of these five blends is the product of choicest, best ripened coffee berries from plantations controlled by us. Each picking used is perfect. Every package is uniformly good. There is no variation. Next week's coffee will be exactly like this week's—sealed in specially prepared, dust-proof, air-tight bags at the critical moment after roasting, so that all the rich, natural, volatile oil—the lifeblood of the coffee—is preserved for your table.

Coffee in open bins, or sold by irresponsible peddlers, fails in richness, purity and strength and gives you much less than you pay for, regardless of price.

Ask your grocer for the Golden Sun Table of Tastes and you can readily select from the five different packages of Golden Sun Coffee your particular Blend which will give you from now on your best cup of coffee.

ENGINEER AVERTED DREAD CATASTROPHE

Train Held On Burning Bridge By Rebels Barely Escaped.

Laredo, Tex., March 24.—A rebel band operating in the state of Durango, is reported to have stopped a passenger train on the Mexican International railway between Torreon and Durango. According to passengers who have arrived at Laredo, while the Pullman and day coaches were standing on a bridge the insurgents deliberately set fire to the structure and, not heeding the frantic cries and supplications of the women on the train, allowed it to burn while they ransacked the mail car. They burned letters and other articles.

The fire burned slowly for half an hour. Seeing that the bridge would shortly fall, carrying down the cars loaded with passengers, the engineer, disregarding the threats of the rebels, opened wide the throttle and took the train flying from the bridge, barely in time to avoid a catastrophe. The rebels then ran across a rise of land when the train was rounding a curve and fired into it when it again approached, but no one was hurt, and before they could fire again a squad of federal troops came up and put them to flight. All Western Union wires south of Laredo are dead.

Fred Sims in New Position.
Indianapolis, March 24.—Fred A. Sims, former secretary of state, has been appointed by Governor Marshall to succeed Fred L. Gemmer, resigned, as a member of the state board of tax commissioners.

MAKE THIS TEST.

How to Tell if Your Hair is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want everyone whose hair requires treatment to try Rextill "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rextill "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store—Thos. W. Lytle.

Trying to Save His Life.

When we say that Seline Pills are responsible for many a happy person in this world today we are not exaggerating a bit. There is no tonic builder equal to Seline Pills. Show me a person who cannot be restored to strength and steady nerves with Seline Pills, and I will show you that it will not cost you a cent to try them, for they are guaranteed. Price, \$1 a box, 6 boxes \$5. Sold by Hargrove & Mullin, druggists, where they sell all the principal remedies and do not substitute.

UNCLE SAMUEL WANTS TO KNOW

Were Americans Executed By Mexicans?

INVESTIGATING THE REPORTS

Rumors That Four Americans Taken as Alleged Participants in the Mexican Insurrection Were Shot Under Order of a Drum-Head Court Martial Are Being Looked Into at Washington.

Washington, March 24.—In reply to the press reports that John Hamilton Dignowity and three other Americans had been shot to death under orders of a Mexican drumhead court martial, which found them guilty of participating in the insurrection movement, the state department has asked the United States consul at Chihuahua for information.

Considerable interest was manifested at the war department over press dispatches to the effect that the Third cavalry had been fired upon by Mexican marauders and insurgents, while the United States troops were marching to the protection of the Chisos mines in the big bend of the Rio Grande. Neither the state nor the war department has yet verified the report that the United States troops, while guarding the customs offices on the border, had been fired upon by Mexicans. The customs officers, according to the reports, had interrupted supplies from the presidio intended for Mexican troops besieged at Ojinaga. The state department, however, felt impelled to send instructions to the treasury officers fixing the bounds of their authority in making seizures. The note sent by the state department to the treasury officials reiterated the instructions that only such goods passing from the United States into Mexico were subject to seizure as contraband of war that were proven to have been shipped by persons in the United States known to be in sympathy with the belligerents, and the consignment would have to be actually proven to be made to persons in an actual state of insurrection.

That Japanese Bugaboo.
Another interesting rumor that received some attention in official and diplomatic circles was to the effect that Mexico and Japan had mutually agreed to terminate a secret treaty between Japan and Mexico and that the treaty of commerce and navigation which had existed between Japan and Mexico was almost identical with the treaty between Japan and the United States. Baron Uchida, the Japanese ambassador to the United States, declared emphatically that there was no secret treaty between Japan and Mexico and had not been. He also called attention to the fact that the only treaty between his government and Mexico was the commercial treaty negotiated in 1886.

Ever since the troops were sent to Texas there has been a manifest effort on the part of jingoes to connect Japan in some way with the condition or exigencies which made the military demonstration necessary. One of the rumors persisted in by the jingoes was that the movement of the 20,000 soldiers to the border was designed as a military demonstration against Japan because of an alleged secret treaty by which Mexico had ceded to Japan a naval base upon her territory. It was to give official disapproval of this story, repeatedly denied in authoritative circles within the administration, that Mr. Taft invited Baron Uchida to the White House Wednesday for the purpose of assuring him that the administration did not put any credence in the reports that Japan had a secret convention with Mexico.

Foul Play Suspected.
South Bend, Ind., March 24.—F. Dudek was found lying in a barn, and died shortly after at a hospital. Foul play is suspected. The police hold the theory that the man was drugged and robbed. Dudek, it is charged, stole a small sum of money from his employer several days ago. He had not been seen since until the police found him just before he died.

Notice of Wage Advance.
Champaign, Ill., March 24.—Section foremen of the Illinois Central Railroad company have been notified that at the next pay day they will receive an advance of \$5 a month in their wages.

Backache Means Dying Kidneys

A Remarkable Treatment That Saves the Kidneys. How You May Cure Yourself Quickly and Thoroughly.

With the progress of science comes one remarkable treatment for kidney diseases. It has been so thoroughly tested and its results have proven so revolutionary that a well-known firm in Michigan has undertaken its distribution into every part of the country. Those who suffer from kidney trouble and the diseases resulting from it will be pleased to know that every package of this treatment is thoroughly guaranteed. This should assure at last a positive cure to every sufferer.

Every man and woman should know that backache is usually a well-defined symptom of advancing kidney disease which may end fatally unless treated in time; that rheumatism and bladder trouble are caused from nothing more nor less than kidneys that do not filter the poison from the blood; that dropsy, Bright's disease, diabetes and bladder stones are caused by bad kidneys.

Once they are made to work properly, these diseases should quickly disappear. This is done by the new treatment, Dr. Derby's Kidney Pills. We urge everyone who has pain in the small of the back, profuse or scanty urination, pains in the bladder, cloudy or foul urine, not to fail to get a package today of Dr. Derby's Kidney Pills, and drop all other kidney treatments. Senator Stevenson, of Washington, writes from Olympia: "There is no question about the efficacy of Dr. Derby's Pure Kidney Pills in curing kidney and bladder trouble. I know whereof I speak."

Dr. Derby's Kidney Pills are now sold at all drug stores—25 and 50 cents. If you would like to try them first, ask your druggist for a free sample package. Then buy a package; you will not regret it.

SAY SON WAS MURDERED

Parents of George Plew Examine Body and Find Discoloration.

Anderson, Ind., March 24.—Mr. and Mrs. William Plew, who brought the body of their son, George Plew, aged twenty-five, from Westport, Jennings county, to this city for burial, say the young man was murdered. His parents remained here. With them is Miss Maggie Coons of Osgood, to whom George Plew was engaged. They were to be married in April. Before the body of the young man was buried the parents and some friends examined a discoloration on the left eyebrow and eyelid. It appeared to be a bruise made by a blunt instrument. It is thought such a blow might have been made with a whisky bottle which, the dead young man's father said was found not far from the body of his son, alongside a road in Ripley county. George Plew was accompanied by Kelly Baker, formerly of Daleville, and another young man named Coons, a brother of the bride-elect. Plew's father said that Coons left the buggy in which the three young men were driving and that Plew and Baker were supposed to have continued on toward Westport. Plew's parents started in inquiry about him and found the body lying face downward on a roadside, just over the Ripley county line.

Hope Has Bad Blaze.
Hope, Ind., March 24.—Fire of mysterious origin destroyed the drug store of Frank Stapp, the grocery store of Alex Clark and the restaurant of Norman Rominger. The loss is about \$12,000, partly covered by insurance.

Acquitted the Auto Driver.
Evansville, Ind., March 24.—Marion S. Leathers, who ran down and killed George R. Cecil, aged seventy-three, was acquitted of criminal responsibility by Coroner Macer.

HEED THE WARNING

Many Rushville People Have Done So.

When the kidneys are sick they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Sick kidneys expel a dark, ill-smelling urine, full of "brickdust" sediment and painful in passage. Sluggish kidneys cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequently rheumatic twinges.

Doan's Kidney Pills are for the kidneys only; they cure sick kidneys and rid the blood of uric poison. If you suffer from any of the above symptoms you can use no better remedy.

Rushville people recommend Doan's Kidney Pills.

O. P. Wellman of 122 West Third Street, Rushville, Ind., says: "I was afflicted with a dull, steady ache through my back, was so lame that I could not lift. When I read that Doan's Kidney Pills were a specific for backache and other symptoms of kidney trouble. I got a box at F. B. Johnson & Co.'s Drug Store. The first few doses relieved me and it was not long before the pain in my back had entirely disappeared. I can stongly recommend Doan's Kidney Pills to all kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

THOUGHTS

Spring is here and with it comes the very happy or very serious thoughts.

Those with the serious thoughts can be made happy by letting us fit them properly with a pair of easy shoes for tender feet. All your foot ills are caused by the improper fitting of your shoes.

The bright sunny days and low shoes brings more smiles to the young and old at this time of the year than anything else.

You have long ago discarded your Ear Muffs and Mufflers, and Oh, how good it feels! Free your ankles from the boxed-up, stuffy feeling of High Shoes, and buy a pair of Low Cuts.

We have them in Endless Varieties, in Pumps, 3 Button, Gibson Ties and Oxfords. All leathers and fabrics.

LOCAL MINISTER FREED BY JUDGE

The Rev. Matthew Small of Ben Davis Creek Church is Dismissed
From Police Court.

ADMITS HE WAS INDISCREET

Follows Waitress, Whose Keeper he
Proved to be, and Tries to
Enter Wrong House.

The Rev. Matthew Small, fifty-three years old, whose hair is silvery, an ordained minister in the Christian church, believed he knew something of the by-ways of the tenderloin and Wednesday afternoon, when he followed Miss Iva Jones, a waitress, whose spiritual advisor he was, he became involved in troubles which were the cause of his appearance in the Indianapolis police court yesterday.

The Rev. Mr. Small preaches at the Ben Davis Creek church in Noble township, this county, every other Sunday. So far as can be learned no member of the church has received word from him, explaining his unusual actions. He was released from court yesterday and it is supposed that he will visit the local charge soon.

According to the Indianapolis News, Judge Collins told Mr. Small that he had been indiscreet in attempting to enter a dwelling which he believed, but was not sure, Miss Jones had entered, and that he was overzealous in attempting to keep a close watch on her movements. The judge dismissed the charge of loitering against the accused minister, but asked him to apologize to Mrs. Dora Miller, whose home he attempted to enter, for it was not the realm of "red lights" that the minister had invaded.

Mr. Small gave Judge Collins a complete history of his friendship for Miss Jones, dating back to her conversion to Christ, and her affiliation with the church, at a revival in Palestine, Ill., more than a year ago. The minister was well acquainted with the parents of the girl and according to his own and her statements, it was because he expected to be here and would be able to advise her that she was permitted to come to Indianapolis to work.

As was his custom frequently, the minister went to meet her at Ohio and Illinois streets when she left a restaurant, where she was employed. To his surprise, with another waitress, Miss Ruth Thomas, his protegee started south instead of toward the corner where he waited to walk with her to the Y. W. C. A. building where he had obtained a room for her.

Filled with suspicion, the Rev. Mr. Small says, because of his knowledge of the ways of a great city, he resolved to follow and rescue Miss Jones and her companion if his suspicions were confirmed. They were, the minister believed, when he thought he saw Miss Jones and her companion disappear with a flutter of skirts in the doorway at No. 505. He was fifty yards behind.

"My sensations may better be imagined than related," said the minister at this point. "A closed door was between me and the young woman I had promised her parents to befriend. I resolved to do my duty. I resolved to enter the door."

Mrs. Miller was called to the door by violent knocking. She says she was confronted by a man she thought was crazy. He asked for a "green skirt," Mrs. Miller says. Then he explained it was "a young woman in a green skirt" he wanted. Mrs. Miller alarmed at his nervous and "wild" action, says she denied knowing anything about the young woman or the "green skirt." She closed the door, watched the man outside through the blinds, then called the police.

Wheelmen Trimpe and Rueker found a perspiring and anxious man who added to their suspicions when he claimed the ministry of the gospel as his calling, on their arrival. Gently, but firmly, they insisted on his consent to ride in the patrol. At the turnkey's office the minister gave a cash bond of \$50 and yesterday

Correct Draperies

contribute a pleasing effect to any room. The soft and subdued tones so popular for interior decorating are offered exclusively in COLONIAL DRAPERY FABRICS in new model cloths and most beautiful designs. The number of uses for these fabrics in adding little finishing touches to the home is surprising. Innumerable smaller articles can be made or covered with these materials at very little cost—fancy bags, pillows, table covers, box coverings, laundry bags, screens, couch covers, bed coverings, door curtains, etc.

F. E. WOLCOTT

learned of his error.

"If he had come to the right house, I would have let him in myself," said Miss Jones. "I changed my room from the Y. W. C. A. to 511 North Capitol avenue. He made a mistake—that was all. I am so sorry. For he has been my good friend, judge."

And Mr. Small tendered his apology to Mrs. Miller, from whose eyes the light of suspicion had not yet been banished as she looked on his humbly bowed head. The Rev. Harry G. Hill of the Third Christian church, who has known Mr. Small for many years, was in court to vouch for him.

Election Notice,

A meeting of the stockholders of The Rushville Co-Operative Telephone Company will be held in the assembly room at the court house in the city of Rushville, Indiana, at 7:30 p. m. Friday, April 14, 1911, for the purpose of electing a board of directors and for transacting such other business as may properly come before the meeting.

Dated Rushville, Ind., March 22, 1911.
